

# WOOD ROOM RULES

- Report broken or malfunctioning tools
- Keep blade tools sharp: No laminates or reclaimed wood, beware of dirt, stones, nails or other metal
- No pressure treated wood or toxic wood species
- Avoid fire hazards: Use metal or fire working rooms
- Store projects marked with name, phone number and date only in marked areas
- Get required Hacklab machine training (Slack #koulutus)
- When unsure ask for help or information from others (Slack #puutyöt)
- Use machines safely: focus and don't rush or work when tired
- Wear ear and eye protection
- Empty trash bins when full
- Keep the workspace clean and tidy
